

## Brexit Information Sheet

The UK's Transition period comes to an end on 31 December. From 1 January 2021, the UK will be outside of the EU and regarded as a 'third country'. At this point, it is unclear if an EU-UK trade agreement will be in place before the end of this year.

In the meantime, over the coming two weeks, please review the following guidance and consult with the appropriate agencies listed below to ensure that your business and supply chains are ready for the changes to the trading environment.
